

BC PNP Entrepreneur Immigration - Regional pilot

The bc provincial nominee program (bc pnp) entrepreneur immigration – regional pilot (ei – regional pilot) is focused on attracting entrepreneurs from around the world to establish businesses in regional communities. This will help meet the communities' economic development needs and encourage investments outside urban areas.

Key features of the EI Regional Pilot:

- **Active community role** – participating communities will have a key role in the pilot. They will be actively involved in attracting foreign entrepreneurs to their community and working with local partners and existing networks to provide support for entrepreneurs settling into their communities.
- **Referral from the community** – participating communities will refer foreign entrepreneurs to the BC PNP whose business concept align with the community's economic priorities. The foreign entrepreneur must have visited the community and present their concept to the community's designated contact person prior to receiving a referral.
- **Community concierge** – regional communities can contact the BC PNP to access a dedicated concierge service that supports communities with their immigration needs.
- **Invitations & prioritization** – foreign entrepreneurs referred by a participating community are placed in a separate registration pool dedicated to the pilot. Registrations and applications are prioritized.
